**FOR A
LIMITED
TIME ONLY**

Get it all- a Noritz high performance tankless unit plus a H₂FLOW hard water treatment system and an isolation kit for one low price.

Create your own bundle with the qualifying units below and save! Plus receive an extended 20-year residential warranty*.

BUNDLE & SAVE

Get 3 great Noritz products bundled at 1 low cost! Plus we will extend the warranty to 20 years.*

Extend the life and efficiency of the tankless unit with accessories designed to promote peak performance levels. The H₂FLOW water treatment system will prolong the life of the heater plus reduce maintenance needs by preventing harmful scale build-up. The isolation valve kit will allow for easy installation and upkeep on the tankless unit.

***Terms & Conditions** A 20-year heat exchanger warranty period will be granted under the following additional conditions to the current warranty terms: (1) Must be installed in a single family dwelling. (2) The 20-year warranty extension will not apply to applications which utilize a recirculation system or supply pre-heated water to the water heater. (3) The water heater must be installed in accordance with the installation instructions supplied with the product. (4) The H₂FLOW cartridge must be replaced every 2 years as part of proper routine maintenance. To purchase a replacement H₂FLOW cartridge, please contact your original installer or Noritz America Customer Service at 1.866.766.7489 for the nearest dealer. Warranty Plus bundles are available only in California for a limited time only, (Jan. 03- Mar. 31, 2011). Items in the bundle not to be sold separately. Warranty Plus bundles ordered in December 2010 will be shipped starting January 03, 2011.
